“After being elected to the Assembly in November of 2010, I’m proud to serve as Chair of the Assembly Select Committee on Healthcare Workforce and Access to Care, Vice-Chair of the Assembly Committee on Veterans Affairs and member of the Assembly Committees on Health and Aging and Long-Term Care. I am also pleased to have been invited to sit on hearings of the Assembly Committee on Environmental Safety and Toxic Materials to provide his scientific expertise on the health effects of exposure to chemicals. It is crucial that the Legislature is committed to ensuring sound science is used when making public health policy.”
